- |  |                                    |
|--|------------------------------------|
| ◆ Catalina Yachts are built totally in the USA.                                    | ◆                                  |
| ◆ Catalina's full size head sail improves light wind performance.                  | ◆                                  |
| ◆ Aluminum backing plates for winches, cleats, genoa tracks, etc.                  | ◆                                  |
| ◆ Many opening ports and hatches provide lots of light & ventilation.              | ◆                                  |
| ◆ Minimal exterior teak for reduced upkeep -- more time left for sailing.          | ◆                                  |
| ◆ Natural color varnished interiors -- no dark staining that's hard to repair.     | ◆                                  |
| ◆ Solid surface countertops are rugged, attractive and easy to keep clean.         | ◆                                  |
| ◆ More interior solid teak for longer wear - keeps boat looking new longer.        | ◆                                  |
| ◆ Large T-shaped cockpit that's comfortable for sleeping, lounging & entertaining. | ◆                                  |
| ◆ Vinylester resin in gel coat on entire hull                                      | ◆ 5 year hull warranty.            |
| ◆ Greater ballast increases boat stability.  | ◆ Proven propulsion system.        |
| ◆ Robust hand-laid rudder blades.  | ◆ Wide side decks.                 |
| ◆ Wide swim platform with telescoping swim ladder.                                 | ◆ Diamond non-skid deck surface.   |
| ◆ Strikezone watertight collision bulkhead (5 Series).                             | ◆ Secure socket chainplate system. |
| ◆ Larger winches, proper travelers, rigid-boom vang.                               | ◆ T-Beam mast support system.      |
| ◆ Marine grade tinned electrical wiring.   | ◆ Balanced sailing rigs.           |
| ◆ Large diesel engines.  | ◆ Large secure cockpits            |

★ Catalina Yachts is proud of its worldwide loyal dealer network. ★

★ Timeless designs & brand loyalty provide a high resale value for Catalinas. ★

★ Individual customer care coordinated by Chesapeake Yacht Sales through Catalina Yachts' factory & warranty division. ★

★ Catalina Yachts is one of the only full line sailboat manufacturers where the company owner, Frank Butler, & Catalina V.P. of Design/Engineering, Gerry Douglas, are directly accessible to Catalina owners. ★

★ Catalina Yachts owners' magazine, Mainsheet (published 4 times a year), as well as [www.mainsheet.net](http://www.mainsheet.net) provide for exchange of Catalina owners' ideas, brand loyalty and inclusion into "Catalina Family". ★

★ Traditional designs undergo gradual year-to-year improvements based upon customers' interest ★  
--no flashy design changes that will make your boat look outdated quickly.
